

## **Scrum Standup**

- What did I work on yesterday?
- What am I working on today?
- What issues are blocking me?

### **Chae**

Separated tests into unit and integration

Still need to do create application, also continuous integration

No blockers

### **Sepehr**

Worked on UI index page and candidates page

Working on UI

No blockers

### **Niosha**

Worked on delete jobs and add username to path. Will work on browsing

### **Morteza**

Worked Search on Application for Applicants

### **Soroor**

Worked on Authorization

Working on logout and account page

No blockers
