Scrum Standup

- What did I work on yesterday?
- What am I working on today?
- What issues are blocking me?

Chae
Removed user inheritance and added simple search
Will do post on feed
I can't get docker working

Sepehr
Same as last update

Niosha
Add browsing job offers by candidate.
Will work on apply for job offers

Morteza
Same as last update

Soroor
Updated account controller with authentication, and updated unit tests
Will work on forgot password
No blockers
